Florence (Italy)

My duties as head teacher consists in planning various activities for the students in the nursery, in the primary and in the secondary school, such as programs of musical education, foreign language and psychomotility. In addition to this, I keep public relations with children's parents, local Authorities and other schools, trying to coordinate all these people to obtain the maximum benefits for my school. As a manager of my school, I'm used to review all the contracts between the school and...

My duties as head teacher consists in planning various activities for the students in the nursery, in the primary and in the secondary school, such as programs of musical education, foreign language and psychomotility. In addition to this, I keep public relations with children's parents, local Authorities and other schools, trying to coordinate all these people to obtain the maximum benefits for my school. As a manager of my school, I'm used to review all the contracts between the school and external companies and look for new funds in order to improve the quality of the service.
